Subject: RE: PNC/Wayne State Project Team Meetings - 2016 - Conference Call 712-770-4010 (access code 693-476)

Hello everyone,

I am late putting something out. We are scheduled to meet at 2:00. I don't have any agenda, and have not heard MMSDC's response to the data we and other teams sent in.

I'd propose that we simply conference call, since the meeting will likely be short. The number is 712-770-4010 (access code 693-476).

We will be meeting at Computech in April.

Good morning everyone,

I am sending out calendar invites for the 2017 Calendar Year. I am switching to the 3rd Wednesday of the month, since my IT department set a standing meeting for the 2nd Wednesday of the month each week through 2017.

Regardless of whether you cannot make all the meetings, "accept" the invite so that the balance appear on your calendar. You can always go to an individual date, and reject it, once you have accepted the group. Or, you can simply disregard the ones you can't make.

For the time being, meetings will be listed as here at Wayne State in the same conference room. If for any reason we cannot use it or we move to another site on any given date, we'll have given plenty of notice. I marked March at
